

A blue-toned illustration of an underwater scene. In the foreground, a starfish is on the left and a clam is on the right. The background is filled with various sea life, including jellyfish and coral. The text is overlaid in a white, bubbly font.

HOW MANY TYPES OF  
STARFISH ARE THERE?  
WHERE DO THEY LIVE?  
WHAT IS THEIR  
PROBLEM?

A blue-toned illustration of an underwater scene, similar to the first panel. A starfish is on the left and a clam is on the right. Two speech bubbles are present. The background shows jellyfish and coral.
